[FF Mount Barker](#)

August would be a great time to get away from the cold weather in NZ for a visit to our Aussie mates.

Our first four days will be spent at FF Central Coast located just north of Sydney. The region is a network of towns such as Gosford, Brisbane Waters, Wyong, Tuggerah, Lakehaven, The Entrance, Terrigal and Woy Woy, and many people who live here commute daily to Sydney for work. The main drivers are tourism, manufacturing and retirement, and include the Hunter Valley region with its mining, heavy industry and port. The Aboriginal people have inhabited this region for thousands of years, and the Guringai and Darkinjung tribes some of the first to come into contact with the settlers.

We then move west to a very different area at FF Mount Barker. Situated near Lake Alexandrina at the mouth of the longest river in Australia the River Murray at 2,375 kilometers in length, this area thrives on agriculture and mining which have for many years contributed to the diversity of the district. We may visit one of the boutique Adelaide Hills wineries at the Southern Vales, Langhorne Creek, and the Barossa Valley.

We will take in the flora and fauna of magnificent red gum eucalyptus and many varieties of other native and exotic flora and of course kangaroos, koalas, echidnas, emus, galahs, and magpies. The area abounds in small townships with unique museums, art galleries, historical homesteads, market gardens and orchards. Featured high among these are Strathalbyn with its strong Scottish heritage, and Hahndorf & Lobethal with their remarkable German charm.

Great times, great friends and a Journey not to be missed.

Looking for an impetus to go on a South American adventure? Ever participated in the samba, tasted barreado, partaken in Brazil's national drink - the caipirinha - or wanted to experience Brazil outside a major city and traffic congestion? Then join Newcastle FF's Journey to Brazil.

Firstly we are welcomed in the innovative urban planned city of Curitiba, with train trips to nearby Morretes - a 17th to 19th century picturesque colonial town known for its artisan crafts, and to Vila Velha - an important archaeological site of beautiful landscapes created over millions of years.

Our Journey then heads to the smaller city of Nova Lima noted for gold and iron ore mining and surrounded by heritage reserves and National Parks.

Curitiba and Nova Lima FF Clubs are working together to maximise our Brazilian experience. Come join Newcastle FF for an exciting Journey to a culture waiting to amaze us.

FF Albany

We begin our Journey in Salisbury, situated approximately 20 km north of Adelaide. It became a city in 1964 and now has a population of 129,111. The area has wonderful wetlands. It is a fast growing area attracting manufacturers such as Michell Wool Processing Industry, R.M. Williams & Co, manufacturer of outback clothing and footwear for stockmen and women.

Near the historic Parafield light aircraft airport is the Levels Technology Park, which has a fast-growing reputation for excellence in Research, Science and Electronics with a major Computer Centre. The Defence Science and Technology Organisation have extensive research facilities.

We then fly to Albany situated on the south coast of Western Australia, approximately 400 kms from the capital city of Perth, which has a population of 34,000. The main industries of the area are tourism, fishing, agriculture, forestry and wineries. Prior to the 1950s, whaling was one of the major sources of income and employment, along with woollen mills and agriculture. Albany is surrounded by National Parks and Reserves. The Port of Albany is set on the beautiful King George Sound and Princess Royal Harbour and is steeped in early Western Australian maritime history. During World War 1, it was the last view of Australia thousands of soldiers saw before sailing off to Europe and Gallipoli. Albany was the site of the first European settlement in Western Australia and has many heritage buildings. It is renowned for its many natural attractions including the Natural Bridge and the Gap. Wildflowers are in abundance in the Stirling Range and Porongorup National Parks in springtime, while whales can be seen off the beach during whale season (July to October).

Our trip finishes with 3 days travelling up the West Coast to Perth

Friendship Force Bundaberg invites you to join club members on an autumn Journey to three clubs in the eastern part of the USA.

The three US clubs almost guarantee spectacular autumn colours as we travel from north to south in October this year. Our first hosting is with Friendship Force Central Virginia based in and around Charlottesville. The area is rich in American history and more information about the club and the area's attractions can be [found here](#) and under "Who We Are/Our Clubs" on the FFI website. Charlottesville is located about 160 km south of Washington DC.

The next hosting is in the adjoining state of North Carolina. The Friendship Force Central North Carolina club is based on the three adjacent cities of Greensboro, High Point, and Winston-Salem. Ambassadors will have the opportunity to help tailor the activities programme that the club will prepare for us.

The final Journey is to Baton Rouge, Louisiana. This promises to be a fun Journey as Baton Rouge Friendship Force visited Bundaberg in August 2016 and they are very keen for the reciprocal visit from Australia. Please contact the Ambassador Coordinator to find out more about the Journeys and possible pre- and post-tours.

[FF North Moreton](#)

[FF Blue Mountains](#)

This is an opportunity to visit our cousins across the ditch at not too much cost during spring time. Our first hosting is at FF North Moreton, which is just north of Brisbane. This area has so much to offer – beautiful beaches, scenic mountains, lakes, rainforest walks, boutique wineries, kangaroos on the doorstep – they've got it all.

There will be a chance to walk through the rainforest near the Glasshouse Mountains Marvel and hear the calls of the whip birds. We may cruise up Pumicestone Passage or along the Brisbane River, or enjoy a barbeque at sunset as the kangaroos hop nearby.

Get close to a koala at the fabulous Australia Zoo, the creation of legendary Crocodile Man, Steve Irwin. Walk with us along one of the most beautiful beaches in the world at Bribie Island. A warm sub-tropical climate offers comfortable living throughout the year. Historically, Redcliffe was the first settlements in Queensland and was once a penal colony.

We then move south and spend 3 days in the amazing city of Sydney. Then it's up the mountains we go to our hosting with FF Blue Mountains. This area is now a major gateway to Western New South Wales and is a very popular weekend getaway for Sydney-siders. The city of the Blue Mountains comprises 26 townships which are dotted along the Great Western Highway and has a permanent residential population of around 74,000. The climate is somewhat more temperate than Sydney. We will be there during their spring when the temperature is very agreeable.

The great outdoors is all the go, and they offer a wide range of choices such as the Three Sisters, Jenolan Caves, Katoomba Scenic Railway, Knapsack Viaduct, the Edge Cinema, the Giant Stairway, and much more. On a rainy day, we could visit the Norman Lindsay Gallery & Museum and/or the Toy and Railway Museum.

[FF Turrialba](#)

[FF Tuxtla-Gutierrez](#)

For those looking for a different destination for your Journey in 2019, this is a must for you. We start at Bogotá, Colombia where the FF Bogotá clubs will be our hosts. The climate is a temperate 15-18 degrees all year round. During the Journey, we will visit the Mayor's house, the famous Gold Museum, the old city and the National Museum. But it is the local culture that will be so fascinating. We will enjoy a professional dance group and musicians to show the traditional folk dances and music, and for the farewell party, they include typical Colombian music.

For our second hosting, we go north Turrialba, Costa Rica located about 64 kms from the capital San José. Nearby are two of the highest peaks in the country, Turrialba Volcano (3,340 m) and Mount Chirripó (3,820 m). The canton of Turrialba is nationally known for an eponymous cheese produced in the district of Santa Cruz and there are many other indigenous dishes. The county has several protected areas including Guayabo National Monument, Turrialba Volcano National Park, Chin National Park, Forest Reserve Central Volcanic Range Protected Area River Basin Tuis, Chirripó and Pacuare River Forest Reserve.

We now move further north to our last hosting at Tuxtla-Gutierrez which has the capital city of the state Chiapas in southern Mexico since 1892. This area is very rich in different native cultures that can be seen in its traditional way of living and handicraft making. There are also fine samples of their Spanish Colonial heritage. Most interesting will be a boat ride along the Sumidero Canyon, a visit to the archaeological museum with an interesting display of Mayan pieces and from other ancient local cultures, to the zoo with a rich exhibit of regional fauna, to a small museum and handicraft shop, a visit to the nearby colonial town of Chiapa de Corzo, and picnic by the river and cultural events.

The timing of this Journey has been planned so that participants can leave Mexico and arrive in Buenos Aires a couple of days before the FFI Festival Of Sea cruise around South America should you wish to combine the two trips.

We would welcome expressions of interest in this Journey for 2019. I know it seems like early days but we need to start making bookings. This inquiry does not commit you to the Journey.

Hsinchu hosting is 12 April to 18 April.

Fukuchiyama hosting is 21 April to 27 April.

Our tentative plan is to fly direct into Taipei 10 April and gather the group for bonding before joining our hosts in Hsinchu on 12 April. We would fly to Japan on 18 April where we would have 3 nights in Kyoto. We begin our second journey by seeing Kyoto City on 21 April and then we would travel to Fukuchiyama for the rest of our journey. This is about 1.5 hrs by train from Kyoto.

Our final night would be in Kyoto where we say farewell to each other. You can either join a coach tour and explore more of Japan, carry on to Europe to explore or take the opportunity of flying to China on the way home as we will be doing.

To budget for this journey we are giving you the price Blenheim to Blenheim with no extras.

\$4300 for flights and accommodation and transfers

\$1200 for FFI Fees and hosting

\$5500 total.

On 12<sup>th</sup> April we fly to Copenhagen for a 3-night stay before travelling by train/ferry to Hamburg, Germany, where we will be met by our hosts from Norderstedt FF. Norderstedt is located at the northern border of the Hanseatic city of Hamburg, 80 kilometres from the North Sea. Hosting will include visiting the beautiful buildings of Hamburg, viewing forest and farmland, and maybe a harbour cruise.

From Hamburg we fly to Istanbul, Turkey. In Istanbul, Intrepid will provide us with a guide and transport for the next 6 days. On 24<sup>th</sup> we go out to the **Gallipoli Peninsula** to experience overnight outdoors and the ANZAC Commemorative Dawn Service. Also included are guided visits to such sights as the Grand Bazaar, Spice Market, Hagia Sophia, and the Blue Mosque. On 28<sup>th</sup> as we travel toward Izmir we will overnight in Ayvalik, a pretty seaside village. In Izmir (once the ancient city of Smyrna), expect a large city set around a beautiful bay, lots of history, and modernity, an overnight trip to Ephesus and the Virgin Mary's House and wonderful Turkish cuisine.

A visit to Gallipoli is our special add-on. Ambassadors must be prepared to spend a night in the open at Gallipoli and walk several kilometres in Norderstedt.

Applications (forms on [FFI website](#) or FFNZ website, or available from Coordinators) should be returned by August 30<sup>th</sup> to enable Gallipoli Bookings. A 3-night stay in Singapore is optional (but costed in) to break the journey home. FF Korolov

FF Baku

If you wish an extra special Journey in 2019, what about one to eastern Europe? We are lucky to have been allocated a Journey to Korolov in Russia and Baku in Azerbaijan.

The Korolov club was founded in 1995 and has 40 members. The city itself, located about 20 minutes northeast of Moscow, is named after Sergei Korolov, the founder of the Russian Space Industry, and many facilities such as mission control are centred here. The club can arrange very special excursions to space exploration facilities such as Star City, where Russian cosmonauts live and train. A Journey usually spends two days in Moscow visiting the Kremlin and Red Square and a bus sightseeing tour to the ancient Russian city of Pereslavl-Zalessky to acquaint the ambassadors with folk traditions. A second day is to the city and monastery of Sergiyev Posad, the center of Russian Orthodox culture. During every Journey, each family treats its guests to the most delicious and special dishes of Russian national cuisine.

We move then to Azerbaijan and the FF club of Baku situated in the eastern area near the Caspian Sea. Their 200,000 year history is very complex because of the many invasions due to natural resources. So much of the economy today is based on their oil and gas reserves. Baku is an ancient city, so there are lots of places of interest, such as Shirvanshakh's Palace (AD 1400s), Maiden Tower (eight storey fortress), Ateshgah (the Fire Worshippers' Temple), Mardakan flower garden, Sengachal Oil Terminal, Museum of Applied Art, Carpet Museum, Baku boulevard, Opera and Ballet Theatre, and Inner City where one can see shops of antiques and carpets. There will also be cruises, restaurant visits, and concerts where we can enjoy their amazing culture. But there is so much more – Aga Mosque, Open Air Museum with Neolithic rock drawings, Gelersen-Gorersen fortress (8-9th centuries) and so on. Baku means 'where the wind strikes hard,' but the climate is subtropical, so please join us for this cultural adventure.

**This Journey has been set up so members can attend the FFI World Conference at Boulder, Colorado 23-27<sup>th</sup> July 2019.**

We will start with a few days in San Francisco or Vancouver before moving to our first homestay prior to Conference with the FF Flathead Valley. This area is beautifully situated in the north west corner of Montana, just west of the Rocky Mountains and only 65 km south of the Canadian border. It is just full of spectacular scenery, thundering waterfalls, glacial lakes and alpine meadows. A typical 7-day Journey might include visits to the museums of early settlers and Native Americans, a botanical garden tour, a visit to a bison ranch, a cruise on Flathead Lake, a chairlift ride at a ski resort, an outdoor concert and especially a full day exploring Glacier National Park. We might do an optional extra such as a guided bus tour through the Glacier National Park or a whitewater trip.

We move to Denver where we will spend 2-3 days looking around that Mile High city. We've reached the 23<sup>rd</sup>, and it's up the road to Boulder for the FFI World Conference until 27<sup>th</sup>.

Our hosting after the Conference is with the FF of Cedar Rapids/Iowa. This is a special corner of the world where fields of tall corn dance in the wind and where the land varies from flat to rolling hills covered with trees. They call themselves the "Bread Basket of the World" with a rich agricultural tradition, ranking as the first in the nation in corn, soybeans and hog production. But, make no mistake, they offer much more to visiting ambassadors. They have diverse cultures to explore including the Meskwaki Indian Settlement; Kalona, an Amish community; the Amanas, a German communal society and Czech Village, and immigrant workers from Bohemia. Ambassadors can visit one of many museums such as the Herbert Hoover Presidential Museum, the African-American Museum, the Czech & Slovak Museum, the Cedar Rapids Art Museum and Coe College that showcase the work of artists, Grant Wood and Marvin Cone, the University of Iowa Hospitals & Clinics Medical Museum and Museum of Natural History, the Old Capitol Museum, or a day trip to the Mississippi River and Mississippi River Museum.

Additional experiences, based on interest, might include the "Field of Dreams;" Cedar Rock, a home built by Frank Lloyd Wright; Brucemore Mansion, a National Trust Historical Site & Gardens; and "Mother Mosque" the oldest mosque in America. There are just so many options!

We will end our Journey with a few days in nearby Chicago before returning to NZ or moving onto other adventures.
